Ingredients Chicken manure composted with wood by-products; sphagnum peat moss, perlite.

Hazards This product contains no hazardous ingredients in concentrations greater than 0.1% as defined by OSHA Hazard Communication Standard. It is not considered a carcinogen.

OSHA Permissible Exposure Limits are not applicable to this product. ACGIH Threshold Limit Values are not applicable, though a 10mg/m nuisance dust TLV can be used for guidance.

Protection and First Aid **Inhalation:** No protection needed unless product dries to dust, then use dust mask or respirator. If product is inhaled, transitory upper respiratory irritation may occur. Move to area free from exposure to dust. Seek symptomatic treatment, if needed.

Protection and First Aid **Allergies:** Common to organic materials, compost had micro organisms in it. Ingestion or overexposure by inhalation may cause an allergic reaction in some people. Seek symptomatic treatment, if necessary.

Skin: No protection necessary. Non-irritating. Wash hands after use.
